

Objective:

Complete UI Implementation and start Routing

Key Results:

1. Route pages available.
2. Accomplish at least 20 story points and 5 user stories.
3. Project Catchup

Sprint 3 Summary:

- **Sprint Velocity:** 30%
- **Focus Areas:**
 - UI Implementation
 - Signup API implementation
 - Property API Implementation
 - Login API
- **Achievements:**
 - Accomplished API Building in property
 - Accomplished signup API implementation
 - Backlog Grooming – internal blockers

Sprint 4 Plan:

- **Focus Areas:**
 - OTP implementation
 - Sprint Catch-up
 - Testing Tools
 - Route Guards
- **Commitment:** Our team is committed to completing the implementation of the OTP feature, ensuring thorough testing, and establishing route guards. We will focus on sprint catch-up tasks, prioritizing seamless integration and high-quality deliverables. Additionally, we commit to accomplishing at least 20 story points and ensuring the completion of routing-related user stories.
