

EPIC ID	USER STORY ID	USER STORIES			
		AS A/AN	I WANT TO	SO THAT	ACCEPTANCE CRITERIA
SS-001	US-001	potential user	I want to explore available properties and gather information without the need to sign in	I can make informed decisions before committing to creating an account.	<div>1. The platform's homepage prominently displays a search bar or browse option for property listings, ensuring easy access for users.</div> <div>2. Users are able to access a list/grid view of available properties directly from the homepage without encountering a sign-in prompt.</div> <div>3. Basic filtering options (e.g., location, price range, property type) are provided to enable users to refine their search criteria.</div> <div>4. Property listings include essential details such as property type, location, price, and key features, allowing users to assess suitability.</div> <div>5. Users can click on individual listings to access more detailed information and view property photos for a comprehensive understanding.</div> <div>6. Clear call-to-action buttons prompt users to sign up or log in if they wish to access additional features or save preferences permanently.</div> <div>7. No sensitive or personal information is required from users during the browsing/searching process, respecting user privacy and encouraging exploration.</div>

SS-002	US-002	prospective user intrigued by Space Share's offerings	register for a new Space Share account	I gain access to the platform's features and services	<p>1. As an essential step, the registration process should prompt me to input necessary personal details, including:</p> <ul style="list-style-type: none">- First Name*- Middle Name- Surname*- Suffix- Birthdate*- Email*- Password* <p>*Required fields to fill out</p> <p>2. Name fields length should be restricted to a minimum of 2 characters and a maximum of 50 characters to ensure reasonable input.</p> <p>3. Date of birth field should have a date picker. To ensure compliance with legal regulations, the system must verify that the provided birthdate confirms the user is aged 18 years or older.</p> <p>4. Upon submission, the platform must validate the entered information to ensure accuracy and completeness. Optional fields can be filled later post signup.</p> <p>5. It is imperative that the email provided during registration is unique and not already associated with an existing account to prevent duplicate registrations.</p> <p>6. The password field should adhere to Space Share's security standards, enforcing a minimum length of 6 characters with at least one number and one letter, and a maximum of 50 characters.</p> <p>7. Users should have the option to toggle the visibility of their password during entry, enhancing both security and user experience.</p> <p>8. Clear and concise error messages should promptly notify users of any inaccuracies or missing information in the provided fields, facilitating quick rectification.</p> <p>9. Upon successful completion of the signup process, an OTP (One-Time Password) should be sent to the user's provided email address for account verification. Users must input the OTP to confirm their registration and gain unrestricted access to Space Share's diverse range of features and services, empowering them to make informed housing decisions.</p>
SS-003	US-003	potential user	easily access the platform's Terms of Use and Privacy Policy during the signup process	I can review and understand the terms governing the use of the platform and the handling of my personal data before completing my registration.	<p>1. Signup page should feature clearly labeled links/buttons for Terms of Use and Privacy Policy.</p> <p>2. Links/buttons should be prominently displayed.</p> <p>3. Clicking on the link/button should open the full text in a new tab/window.</p> <p>4. Content should be clear, concise, and comprehensible.</p> <p>5. Users should be able to scroll through the entire content seamlessly.</p> <p>6. Pages should include information on data handling and user rights.</p> <p>7. Easy return to signup page without losing entered information.</p> <p>8. Pages should include a statement acknowledging user consent and contact information.</p>

SS-004	US-004	registered user of Space Share	securely log in to my account	I can access the platform's features, including adding listings to my wishlist, adding properties, managing my profile, and booking appointments.	<div>1. The login page should prominently display fields for entering the email address and password.</div> <div>2. Users should be able to input their email address and password with ease.</div> <div>3. The login button should be clearly labeled and easily accessible.</div> <div>4. A <i>"Don't have an account? Sign up"</i> link should be visible for users who do not have an account.</div> <div>5. The login page should include a link to the Terms of Use.</div> <div>6. Users should be able to click on the <i>"Sign up"</i> link to navigate to the registration page.</div> <div>7. After entering valid login credentials and clicking the login button, the system should authenticate the user's information.</div> <div>8. In case of incorrect credentials, an error message should be displayed, prompting the user to retry.</div> <div>9. Upon successful authentication, users should be directed to their respective dashboards, enabling them to access features such as adding listings to their wishlist, adding properties, managing their profile, and booking appointments.</div>
SS-005	US-005	potential tenant exploring properties on Space Share	add a listing to my wishlist	I can save properties I'm interested in for future reference	<div>1. The platform should feature an <i>"Add to Wishlist"</i> button/icon prominently displayed on each property listing page.</div> <div>2. Clicking the <i>"Add to Wishlist"</i> button should trigger the addition of the listing to the user's wishlist.</div> <div>3. If the user attempts to add a listing to their wishlist when it already contains the maximum of 100 listings, the system should present a notification informing them that their wishlist is full and cannot accommodate additional listings.</div> <div>4. The notification should advise the user to remove a listing from their wishlist before adding a new one.</div> <div>5. The <i>"Add to Wishlist"</i> button should be disabled for listings that have already been added to the user's wishlist, preventing duplicate entries.</div> <div>6. Users should be able to access and manage their wishlist from their user profile or dashboard.</div> <div>7. The platform should provide an intuitive option for users to remove listings from their wishlist if necessary.</div> <div>8. Upon successful addition of a listing to the user's wishlist, the system should display a confirmation message, reassuring the user that their action was completed successfully.</div>

SS-006	US-006	user interested in renting a property listed on Space Share	book an appointment to view the space	I can assess its suitability before making a decision	<p>1. On the property listing page, there should be an option/button labeled <i>"Book Appointment"</i> prominently displayed.</p> <p>2. Clicking the <i>"Book Appointment"</i> button should trigger a process where I am prompted to select a preferred date and time for the viewing appointment.</p> <p>3. After selecting the date and time, I should be prompted to confirm my booking request.</p> <p>4. Upon confirmation, an OTP (One-Time Password) should be sent to my email address to verify the authenticity of the appointment request.</p> <p>5. I must input the OTP received via email to proceed with the booking process.</p> <p>6. Once the OTP is verified, the platform should proceed to send an email notification to the proprietor associated with the property, informing them of the appointment request.</p> <p>7. The email notification to the proprietor should include essential details such as my name, contact information, preferred viewing date and time, and a link to accept or decline the appointment request.</p> <p>8. The proprietor should have the option to accept or decline the appointment request directly from the email notification.</p> <p>9. If the proprietor accepts the appointment request, the platform should update the appointment status accordingly and notify me via email.</p> <p>10. If the proprietor declines the appointment request, the platform should update the appointment status accordingly and notify me via email, suggesting alternative viewing options if available.</p> <p>11. I should have the option to view the status of my appointment requests and any updates from the proprietor within my user profile or dashboard.</p>
SS-007	US-007	a proprietor managing property listings on Space Share, upon receiving an appointment request via email	be able to review and respond to the request directly from my email inbox	I can efficiently manage viewing appointments and provide timely responses to potential tenants	<p>1. Upon receiving an appointment request email notification, the email should include essential details such as the user's name, contact information, preferred viewing date and time, and a brief description of the property.</p> <p>2. The email should contain clear and intuitive options for me to accept or decline the appointment request.</p> <p>3. If I choose to accept the appointment request, clicking the <i>"Accept"</i> option should automatically update the appointment status on the Space Share platform and notify the user via email that their appointment has been confirmed.</p> <p>4. If I choose to decline the appointment request, clicking the <i>"Decline"</i> option should prompt me to provide a brief note or reason for declining the appointment.</p> <p>5. After providing a note or reason for declining the appointment, clicking the <i>"Decline"</i> button should update the appointment status on the Space Share platform accordingly and notify the user via email of the declined request, along with the provided note or reason.</p> <p>6. If I neither accept nor decline the appointment request from the email notification, the request status should remain pending until further action is taken.</p> <p>7. The email notification should include clear instructions and guidance on how to manage the appointment request directly from the email interface, ensuring a seamless and efficient user experience.</p>

SS-008	US-008	proprietor wishing to add my space or listing on Space Share	create a comprehensive listing with accurate details and attractive visuals	potential tenants can easily assess the property's suitability	<p>1. Clicking the <i>"Add Listing"</i> button should redirect me to a form where I can input all necessary details about the property, such as its type, location, size, amenities, rental price, and availability status.</p> <p>2. The form should include fields for uploading high-quality images of the property to showcase its features and appeal.</p> <p>3. Mandatory fields, such as property type, location, and rental price, must be clearly indicated, and I should not be able to submit the form without filling them out.</p> <p>4. I should have the option to add additional details or descriptions about the property to provide more information to potential tenants.</p> <p>5. Before submitting the listing, I should be prompted to review all entered information and ensure its accuracy.</p> <p>6. Upon submission, the platform should send a confirmation email to my registered email address, confirming that the listing has been successfully added.</p> <p>7. The listing should be immediately visible to potential tenants browsing the Space Share platform, allowing them to view all details and images of the property.</p> <p>8. I should have the ability to edit or update the listing at any time, such as modifying rental prices, updating availability status, or adding new images.</p> <p>9. Any changes made to the listing should trigger an email notification to inform potential tenants and keep them updated on the property's status.</p>
--------	--------	--	---	--	---

SS-009	US-009	proprietor aiming to expand my property portfolio on Space Share	seamlessly manage my listings and explore subscription options for adding more properties to attract a broader range of potential tenants	I can increase my visibility and rental opportunities on the platform	<p>1. Upon reaching the maximum limit of three listings on Space Share, a notification should be displayed on my dashboard, informing me that I have reached the maximum allowed number of listings per user.</p> <p>2. The notification should include a clear call-to-action button or link prompting me to explore subscription options for adding additional listings.</p> <p>3. Clicking on the subscription prompt should trigger a modal or pop-up window providing details about available subscription plans for increasing listing capacity.</p> <p>4. The modal should include information about the benefits of upgrading my subscription, such as unlimited listing capabilities, enhanced visibility for my properties, and priority placement in search results.</p> <p>5. Subscription plans should be clearly outlined, including pricing details, duration of subscription, and any additional features or perks included.</p> <p>6. I should have the option to select a subscription plan that best suits my needs and budget, with the ability to upgrade or downgrade plans as necessary.</p> <p>7. Once I select a subscription plan and proceed with the upgrade process, I should be seamlessly redirected to the payment gateway to complete the transaction securely.</p> <p>8. Upon successful subscription payment, my listing capacity should be immediately expanded, allowing me to add more properties to the Space Share platform.</p> <p>9. A confirmation email should be sent to my registered email address, confirming the successful subscription upgrade and providing details about the new listing capacity and subscription benefits.</p> <p>10. I should have access to a subscription management section within my Space Share account, where I can view details about my current subscription plan, renewal dates, and billing history.</p> <p>11. The subscription management section should also include options for updating payment methods, canceling subscriptions, or contacting customer support for assistance with subscription-related inquiries.</p>
--------	--------	--	---	---	---

SS-010	US-010	user invested in maintaining accurate and secure information	conveniently manage my profile details, including my name, phone number, email address, and password	I can ensure my account information is up-to-date and secure, enhancing my overall experience with the platform	<p>1. Upon accessing my profile settings, I should see clear options to edit my name, phone number, email address, and password.</p> <p>2. Clicking on the <i>"Edit"</i> or <i>"Change"</i> option next to each profile detail should open a respective input field where I can make modifications.</p> <p>3. If I choose to change my email address or password, I should be prompted to enter my current password as a security measure.</p> <p>4. After making changes to my email address or password, the platform should send a one-time password (OTP) to my current email address.</p> <p>5. I should receive the OTP promptly and without delay to my registered email address.</p> <p>6. Upon receiving the OTP, I should input it into the designated field on the profile settings page for validation.</p> <p>7. The system must verify the entered OTP to ensure accuracy and validity before finalizing the changes.</p> <p>8. If the entered OTP matches the generated code, and all other changes meet the specified requirements, my profile details should be successfully updated.</p> <p>9. If the entered OTP does not match the generated code or is invalid/expired, appropriate error messages should be displayed, prompting me to retry or request a new OTP.</p> <p>10. After successfully updating my profile details, I should receive a confirmation message indicating the changes have been saved.</p> <p>11. I should have the flexibility to return to my profile settings at any time to make further modifications or updates as needed.</p>
SS-011	US-011	user keen on monitoring my past transactions	ability to view transaction logs	I can ensure transparency and accountability in my rental activities	<p>1. Upon accessing the transaction logs section in my profile, if there are no transactions recorded, I should see a message stating <i>"No transactions available"</i> or similar, indicating the absence of any transactional activity.</p> <p>2. If there are transactions recorded, I should see a comprehensive list displaying details such as transaction date, type (e.g., payment, booking), amount, and related properties or users involved.</p> <p>3. Each transaction entry should be clearly labeled and formatted for easy comprehension, with relevant information presented in a structured manner.</p> <p>4. Users should have the option to filter transactions based on specific criteria such as transaction type, date range, or property/user involved, allowing for customized views of transaction history.</p> <p>5. For each transaction entry, users should be able to click on it to view additional details or associated documentation, if available.</p> <p>6. If I navigate away from the transaction logs section and return later, the platform should remember my previous filtering preferences, ensuring a seamless user experience.</p> <p>7. The transaction logs section should be accessible and functional regardless of the user's role, providing consistent access to transactional information for all users.</p>

SS-012	US-012	proprietor managing my property listings on Space Share	review and respond to tenant applications promptly, ensuring efficient rental management and fostering positive tenant-landlord relationships	I can maintain an organized rental process and provide timely responses to prospective tenants, thereby enhancing user experience and satisfaction on the platform	<p>1. Upon receiving a tenant application for one of my property listings, I should receive a notification via email or within the Space Share platform.</p> <p>2. The notification should include details of the tenant application, such as the applicant's name, contact information, and any additional information provided by the applicant.</p> <p>3. Within the notification, I should be presented with clear options to either accept or reject the tenant application.</p> <p>4. If I choose to accept the tenant application, the platform should update the status of the application accordingly and notify the tenant via email or within their Space Share account.</p> <p>5. If I choose to reject the tenant application, I should have the option to provide a brief explanation or reason for the rejection.</p> <p>6. Upon rejecting the tenant application, the platform should update the status of the application accordingly and notify the tenant, providing them with the reason for the rejection.</p> <p>7. The tenant application management feature should be easily accessible from my proprietor dashboard, allowing me to efficiently review and respond to applications for all my property listings.</p>
SS-013	US-013	proprietor managing rental properties on Space Share	provide feedback and rate my tenants based on their stay experience, using a star rating system and optional comments	I can contribute to the platform's reputation system and help future landlords make informed decisions when considering prospective tenants	<p>1. After a tenant's stay period ends, I should receive a notification prompting me to rate and provide feedback on the tenant's overall conduct and rental experience.</p> <p>2. The notification should include details such as the tenant's name, property rented, and duration of stay, for easy reference.</p> <p>3. Upon accessing the rating and feedback feature, I should be presented with a star rating system ranging from 1 to 5 stars, allowing me to rate the tenant's overall performance and behavior during their stay.</p> <p>4. In addition to the star rating, I should have the option to provide optional comments or feedback, detailing specific aspects of the tenant's conduct or any issues encountered during their stay.</p> <p>5. Once I submit my rating and feedback, the platform should update the tenant's profile with the provided rating and comments, contributing to their overall reputation score on Space Share.</p> <p>6. The rating and feedback feature should be easily accessible from my proprietor dashboard, allowing me to provide timely and accurate evaluations for all my tenants.</p> <p>7. Tenants should be able to view the ratings and feedback provided by landlords on their Space Share profile, promoting transparency and accountability in the rental process.</p>

SS-014	US-014	tenant who has completed a stay at a property listed on Space Share	rate and provide feedback on my experience with the proprietor or landowner, using a star rating system and optional comments	I can contribute to the platform's reputation system and assist future tenants in making informed decisions when selecting rental properties	<p>1. After the conclusion of my stay at a Space Share property, I should receive a notification prompting me to rate and provide feedback on the proprietor or landowner's performance and conduct.</p> <p>2. The notification should include details such as the proprietor's name, property rented, and duration of stay, for easy reference.</p> <p>3. Upon accessing the rating and feedback feature, I should be presented with a star rating system ranging from 1 to 5 stars, allowing me to rate the proprietor's overall management of the property and responsiveness to issues during my stay.</p> <p>4. In addition to the star rating, I should have the option to provide optional comments or feedback, highlighting specific aspects of the proprietor's conduct or any concerns encountered during my tenancy.</p> <p>5. Once I submit my rating and feedback, the platform should update the proprietor's profile with the provided rating and comments, contributing to their overall reputation score on Space Share.</p> <p>6. The rating and feedback feature should be easily accessible from my tenant dashboard, allowing me to provide timely and accurate evaluations for all my rental experiences.</p> <p>7. Proprietors or landowners should be able to view the ratings and feedback provided by tenants on their Space Share profile, fostering transparency and accountability in the rental process.</p>
SS-015	US-015	tenant utilizing the Space Share platform for rental transactions	make payments securely through the platform using my local bank account	I can conveniently settle rental dues and ensure transparency in financial transactions	<p>1. The payment feature should only be accessible to tenants who are currently renting the listed property on the Space Share platform.</p> <p>2. Users should be able to link their local bank account to the Space Share platform for payment processing.</p> <p>3. Payment functionality should be contingent upon the proprietor enabling the option for online payments for their listing.</p> <p>4. Tenants should be able to initiate payments securely through the platform using their linked local bank account.</p> <p>5. Proprietors must have also linked their bank account to their Space Share listing to receive payments from tenants.</p> <p>6. Transactions should be processed securely, ensuring the confidentiality of financial information and adherence to regulatory standards.</p> <p>7. Tenants should receive confirmation of successful payment transactions, providing assurance of completed transactions and rent settlement.</p>
